

GREEN TEAM POSITIONS

In partnership with the

Centre for Fisheries Ecosystems Research
(Location: North Harbour/Swift Current/Placentia)

Green Team Job Ad Number: **CCNL Zone2C**

Project Title: Restoring A Healthy Placentia Bay Coastal Ecosystem

PROJECT DESCRIPTION: The Green Team will assist with coastal habitat restoration in the Placentia Bay area. The team will assist researchers with green crab sample analysis and recording data. The team will assist with the deployment and monitoring of artificial reefs, as well as planting and monitoring of eel grass in determined sites. The team will also assist with river surveys to assess barriers to fish migration and conduct other duties as required. The team may be required to travel for 1-2 nights occasionally throughout the employment term. Teams will also deliver a minimum of five Environmental Awareness Events.

POSITIONS

TEAM LEADER (1 Position): The Team Leader is the day to day supervisor for the Green Team. This person is responsible for the conduct of Team Members and the work they undertake. The Team Leader ensures that the work required is properly assigned and carried out, and that the project proceeds smoothly. This involves planning, maintaining discipline, daily acquisition of project materials, effective communication with the community partner and CCNL staff, administrative duties etc. A team leader should demonstrate the ability to plan and organize, and must have leadership and supervisory skills. **This position is for 8 weeks, at \$12.15/hr for 35 hours per week from July 3 to August 24, 2018.**

TEAM MEMBER (3 Positions): The Team Member is an integral part of the Green Team program. The Team Member follows the direction given by the Team Leader, has the ability to work well in a team environment and feels that s/he can make a positive contribution to the projects undertaken. **These positions are for 8 weeks, at \$11.15/hr for 35 hours per week from July 3 to August 24, 2018.**
