

THIS NOTICE IS FOR RESIDENTS OF THE COMMUNITY OF DUNVILLE ONLY

The Town of Placentia is moving forward with the next phase of the amalgamated water supply project in the summer of 2017. This project will require accessing private property to upgrade service lines, install new curb stops or upgrade other water infrastructure for residences located in the approximate area from Fewer's Road to Station Road.

The Town of Placentia is inviting the property owners in this area as well as all other residents of Dunville to attend a Public Information session at the Dunville Lions Club, Wednesday, June 28, 2017 at 6:30 p.m. Council representatives as well as engineering consultants will be present to explain the proposed project and to address any questions you may have.

While only the above mentioned streets will be affected during this phase of the project, all residents of Dunville are encouraged to attend this very important meeting regarding upcoming construction and the future phases of this initiative.
