HOUSEKEEPING

Effective Monday, August 24, 2020 masks are mandatory when entering the Town Hall. To comply with physical distancing guidelines, we ask that there be a minimum of 2 people in the Town Hall foyer at one time. If you are experiencing cold or flu like symptoms, we ask that you do not enter our office. You are encouraged to sign up for our Placentia Aware Community Notification System by visiting our website www.placentia.ca or by calling the front office. Also, masks covering the nose and mouth are mandatory in indoor public spaces in Newfoundland and Labrador. This includes places where municipal or government services are offered. We have received information that masks do not have to be worn by councillors and staff when they are seated and can physically distance, as is the case for this Council meeting. While we are seated, we are physically distanced, and therefore are not required to wear masks. Masks are worn while entering and exiting the building.

The Great Beach Boardwalk is now accessible from all entrances and users are permitted to travel in both directions. Some sections of the boardwalk are less than six feet, so the Town recommends using masks in these areas where physical distancing is not possible.

A boil order is in effect for Argentia, Freshwater and Dunville until further notice. During this period, individuals are requested to bring all water to a boil for five minutes before

drinking, cooking, and dental hygiene. While the boil order is in place, there will be intermittent outages for maintenance and flushing. A 24-hour notice will be provided before outages occur to the areas affected. We apologize for any inconvenience.

On August 11th, Mayor Power attended a meeting in Argentia with Marine Atlantic President and CEO Murray Hupman. Mr. Hupman assured those in attendance that the Argentia Ferry service is in the company's operational budget next year and will be back in operation for the 2021 season with the MV Atlantic Vision which is under lease until 2023. This is good news given the Argentia ferry service is a vital link for the tourism industry in the Placentia region and employs close to 30 workers.

Council extends condolences to Angus Gilbert, our Town Crier, on the passing of his son. Our deepest sympathy goes out to the family.

In the next few weeks teachers and students are returning to school. We wish everyone a safe and successful school year.

Congratulations to Jake's Show N Shine on another successful event in aid of the Autism Society of NL. Ray Griffiths and his son Jake are to be commended for putting off this successful event during these difficult times.

September is Walk for Families Month! The annual Red Shoe Crew-Walk for Families raises funds to provide programs and services for sick children and their families when they need it the most. The event coincides with the anniversary of the opening of the Ronald McDonald House and is the largest annual fundraising event. For more information visit www.WalkforFamilies.ca

The Argentia Management Authority Board renewal process has 4 positions open and are accepting applications until August 28th. We encourage people to get involved and submit applications for the Board.

COUNCILLORS' CONCERNS/COMMENTS

Now that masks are mandatory, we should all practice safe handling skills. Mask guidelines can be found on the Government of NL website at www.gov.nl.ca/covid-19/ It is important to teach our kids proper use and storage of masks.

Many children are nervous about the virus and returning to school. Seek medical advice if there is any concern.

Councillor Noella Collins wished her sister Bun a Happy Birthday in the sunny south.

With school opening, drivers are reminded to be cognizant of kids at bus stops.

Residents are reminded to follow the advice of the Chief Medical Officer and do your part to keep covid-19 under control. Wear masks as directed. They are a line of defense from contracting covid-19. There are no active cases today and masks are a precaution to keep it

that way. Be respectful to employees at all businesses, masks are mandatory, not a choice. Please dispose of masks properly and do not litter!

The Dunville Water Project remains a #1 priority for this Council. The project is a process and timelines will be released when finalized.

Residents are reminded to check your smoke and carbon monoxide detectors.

Thanks, were extended to residents for supporting Council on decisions made during these past months around covid-19 precautions.
